

FROWEIN GMBH & CO. KG

JuvenEX SP

Use

Control of cockroaches, fleas and flies. Application also in food preparing areas and households.

National regulations for application and trading have to be observed.

Type

Aerosol (AE), 750 ml.

Active Ingredients

Pyriproxyfen (1,2 g/kg), pyrethrum-extract 25 % (24 g/kg), piperonyl butoxide (30 g/kg).

Mode of Action

JuvenEX SP is effective by contact with spray droplets and spray deposits respectively. Light stable and long lasting juvenoid pyriproxyfen interferes with the hormone balance of pests. It prevents metamorphosis and leads to sterility and therefore populations will be gradually eradicated. The short-lived natural active ingredient pyrethrum causes rapid knockdown effect.- Treatments are to be repeated in order to control hatching nymphs respectively larvae.

Special Features

- A new sort of long lasting effect (juvenil hormone). Safe for man and pet.
- Spontaneous knockdown effect due to combination with natural pyrethrum.
- Overcomes and prevents resistance.
- Suitable for application in living-rooms, schools, offices, sickrooms, canteens, food industry, etc.

Dosage

According to conditions of application. Spray approximately 1 second per running meter of floor border.

Application

Expose hiding places of crawling insects if possible. Spray directly into hiding places of pests, on surfaces traversed by insects and suspected surfaces respectively as well as cracks and crevices.

Do not wet sensitive surfaces (polishes, some plastics, carpeted floors, etc.) or spray sparingly at a distance of 1 m or more.- Test sensitive objects on unobtrusive places.

Cockroaches

Cockroach infestations are controlled best in the evening. Repeat treatment after 3 weeks (German cockroaches) and 10 - 12 weeks respectively (Oriental cockroaches and other large cockroaches).

Cockroaches prefer warm and dark hiding places near water and food. Pay attention to cracks, crevices and hollow spaces near stoves, refrigerators, sinks and washbowls, etc.

Fleas

Clean floors, carpets, furniture, etc. before application. Pay attention to corners and edges. Put dust bags into plastic bags hermetically sealed and throw them away as soon as possible.

Pay attention to favoured places as for example sleeping places of pets. Repeat treatment after 2 - 4 weeks. Take infested pets to a veterinary.

Caution

Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Vapours may cause drowsiness and dizziness. Keep out of the reach of children and away from food, drink and animal feedingstuffs. Avoid every unnecessary contact with the product. Misuse may be harmful.

Wear suitable protective clothing and protective gloves during application. Do not breathe spray mist. In case of insufficient ventilation, wear respiratory equipment with filter A1 – P3 (40 ASt). This material and its container must be disposed of as hazardous waste. Avoid release to the environment. Refer to special instructions/safety data sheets. All persons except the applicator have to leave the room.

p. t. o.

BIOZIDE

Remove unpacked foodstuffs and feed, domestic cattle and pets as well as toys, exposed dishes and other commodities before application. Cover aquariums and terrariums. Cover kitchen utensils, tables, benches and other surfaces on which food is stored, prepared or consumed or wash or clean them before use with an alkaline detergent. Avoid contact with fresh, moist deposits. Keep away children and pets. Ventilate rooms thoroughly before using them. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50 °C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep away from sources of ignition – No smoking. 23 % by mass of the contents are flammable.

Disposal

Wastes resulting from the use of this product are to be disposed at an approved waste disposal facility. Completely empty packages are to be offered for recycling.

Packaging

Carton with 6 aerosol cans à 750 ml.

Use biocides safely. Always read the label and product information before use.
